Office of Legislative Counsel

Monday - 24 September 1959

50X1
50X1
50X1
1. J. C. King (WH Division) called regarding [redacted] cable
IN 29670 and suggested that [redacted] but go ahead with

[redacted]

2. Gordon Stewart and Legislative Counsel met with Joseph Winslow and John Carroll in the Executive Office Building to discuss possible executive pay action in the Government. Winslow indicated that at this time the Administration's position was against any action but that certain studies were being developed as a defense measure in the event the Senate Post Office and Civil Service Committee came out with proposed legislation. Apparently the Committee is studying the matter of executive pay and the House Post Office and Civil Service Committee is studying the matter of the Classification Act pay. Winslow suggested that we might check back toward the end of the year to see what developments had taken place by then.

3. Mrs. Davenport in the office of Representative Dale Alford (D., Ark.) telephoned requesting that the Congressman be supplied with Part I of the publication Foreign Broadcasting Stations of the World. This was forwarded to the Congressman.

4. At the request of Miss Higgs in the office of Representative John Jarman (D., Okla.), the Congressman was furnished with a copy of an outline map of Yugoslavia.

50X1
5. Mrs. Elizabeth Reynolds on the staff of the Senate Government Operations Subcommittee on Reorganization called for [redacted] and requested a copy of the translation of the Soviet document Medical Service in Mass Attack. In checking with FDB, it was learned that this document was translated by JPES. Arrangements have been made to obtain a photocopy.
